Jurnal Berita Ilmu Keperawatan (p-ISSN:1979-2697 | e-ISSN:2721-1797) focuses on sharing data and information to support evidence-based practice. Articles with focus on evidence-based nursing will be considered, including nursing education, medical and surgical nursing, pediatric nursing, mental health nursing, management and leadership in nursing, family and community nursing, and specialist nursing topics.

This journal provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge. Jurnal Berita Ilmu Keperawatan is published biannually (January and July).
